

STUDENT SELECTION CRITERIA

The LEAD Committee asks each participating school to select one boy and one girl to attend LEAD as Delegates and one boy and one girl to be alternates. Since LEAD will occur shortly after the next school year begins, Delegate and alternate selections must be completed by April 30 (while students are in the 7th grade). Completed and signed Delegate Applications for both Delegates and alternates must be collected and delivered to your sponsoring Rotary Club by May 15.

The LEAD Committee suggests that you consider the following qualifications when selecting Delegates and alternates to participate in LEAD. Delegates and alternates may exhibit some or all of these qualifications.

- The student participates in school, community, and/or international service activities, exemplifying the Rotary ideal of “Service Above Self.”
- The student has past and/or current leadership experience.
- The student has the potential for future leadership responsibilities.
- The student has the ability to collaborate effectively with others.
- The student exhibits good study habits and is committed to academic success.

The LEAD Committee does not require that a student participant has achieved academic superiority. A student facing personal or environmental obstacles may work harder for academic achievement than another student “cruising” along at the top of the class. The LEAD Committee is pleased to have student participants that have overcome challenges and have surpassed expectations.

Rotary International information is available at www.Rotary.org and Rotary District 5340 information is available at www.Rotary5340.org.
